**ABA PHYSICAL THERAPY ASSOCIATES
NOTICE OF PATIENT INFORMATION PRACTICES**

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED OR DISCLOSED AND HOW YOU CAN GET ACCESS TO INFORMATION. PLEASE REVIEW IT CAREFULLY.

ABA Physical Therapy Associates' LEGAL DUTY

ABA Physical Therapy Associates is required by law to protect the privacy of your personal health information, provide this notice about our information practices and follow the information practices that are described herein.

USES AND DISCLOSURES OF HEALTH INFORMATION

ABA Physical Therapy Associates uses your personal health information primarily for treatment; obtaining payment for treatment; conducting internal administrative activities, providing training programs for students, trainees, healthcare providers or non-healthcare professionals to help them practice or improve their skills and evaluating the quality of care that we provide. For example, **ABA Physical Therapy Associates** may use your personal health information to contact you to provide appointment reminders, or information about treatment alternatives or other health related benefits that could be of interest to you. We may also use your contact information to market wellness services at ABA Physical Therapy.

ABA Physical Therapy Associates may also use or disclose your personal health information without prior authorization for emergencies. We also provide information when required by law.

In any other situation, **ABA Physical Therapy Associates'** policy is to obtain your written authorization before disclosing your personal health information. If you provide us with a written authorization to release your information for any reason, you may later revoke that authorization to stop future disclosures at any time.

ABA Physical Therapy Associates may change its policy at any time. When changes are made, a new Notice of Information Practices will be posted in the waiting room and patient exam areas and will be provided to you on your next visit. You may also request an updated copy of our Notice of Information Practices at any time.

PATIENT'S INDIVIDUAL RIGHTS

1. Right to a Copy of This Notice

You have a right to have a paper copy of our Notice of Privacy Practices at any time. In addition, a copy of this Notice will always be posted in our waiting area. If you would like to have a copy of our Notice, ask the receptionist for a copy.

2. Right of Access to Inspect and Copy

You have the right to inspect (which means see or review) and receive a copy of medical information about you that we maintain. If we maintain your medical records in an Electronic Health Record (EHR) system, you may obtain an electronic copy of your medical records. You may also instruct us in writing to send an electronic copy of your medical records to a third party. If you would like to inspect or receive a copy of medical information about you, you must provide us with a request in writing. You may write us a letter requesting access or fill out an **Access Request Form**. Access Request Forms are available from our receptionist.

We may deny your request in certain circumstances. If we deny your request, we will explain our reason for doing so in writing. We will also inform you in writing if you have the right to have our decision reviewed by another person.

If you would like a copy of the medical information about you, we will charge you a fee to cover the costs of the copy. Our fees for electronic copies of your medical records will be limited to the direct labor costs associated with fulfilling your request.

We may be able to provide you with a summary or explanation of the information. Contact our receptionists for more information on these services and any possible additional fees.

3. Right to Have Medical Information Amended

You have the right to have us amend (which means correct or supplement) medical information about you that we maintain in certain groups of records. If you believe that we have information that is either inaccurate or incomplete, we may amend the information to indicate the problem and notify others who have copies of the inaccurate or incomplete information. If you would like us to amend information, you must provide us with a request in writing and explain why you would like us to amend the information. You may either write us a letter requesting an amendment or fill out an **Amendment Request Form**. Amendment Request Forms are available from our Office Manager/receptionists.

We may deny your request in certain circumstances. If we deny your request, we will explain our reason for doing so in writing. You will have the opportunity to send us a statement explaining why you disagree with our decision to deny your amendment request and we will share your statement whenever we disclose the information in the future.

4. Right to an Accounting of Disclosures We Have Made

You have the right to receive an accounting (which means a detailed listing) of disclosures that we have made for the previous six (6) years. If you would like to receive an accounting, you may send us a letter requesting an accounting, fill out an **Accounting Request Form**, or contact our Privacy Officer. Accounting Request Forms are available from our Privacy Officer.

The accounting will not include several types of disclosures, including disclosures for treatment, payment or healthcare operations. If we maintain your medical records in an Electronic Health Record (EHR) system, you may request that include disclosures for treatment, payment or healthcare operations. The accounting will also not include disclosures made prior to April 14, 2003.

If you request an accounting more than once every twelve (12) months, we may charge you a fee to cover the costs of preparing the accounting.

5. Right to Request Restrictions on Uses and Disclosures

You have the right to request that we limit the use and disclosure of medical information about you for treatment, payment and healthcare operations. Under federal law, we must agree to your request and comply with your requested restriction(s) if:

1. Except as otherwise required by law, the disclosure is to a health plan for purpose of carrying out payment of healthcare operations (and is not for purposes of carrying out treatment); and,
2. The medical information pertains solely to a healthcare item or service for which the healthcare provided involved has been paid out-of-pocket in full.

Once we agree to your request, we must follow your restrictions (except if the information is necessary for emergency treatment). You may cancel the restrictions at any time. In addition, we may cancel a restriction at any time as long as we notify you of the cancellation and continue to apply the restriction to information collected before the cancellation.

You also have the right to request that we restrict disclosures of your medical information and healthcare treatment(s) to a health plan (health insurer) or other party, when that information relates solely to a healthcare item or service for which you, or another person on your behalf (other than a health plan), has paid us for in full. Once you have requested such restriction(s), and your payment in full has been received, we must follow your restriction(s).

6. Right to Request an Alternative Method of Contact

You have the right to request to be contacted at a different location or by a different method. For example, you may prefer to have all written information mailed to your work address rather than to your home address.

We will agree to any reasonable request for alternative methods of contact. If you would like to request an alternative method of contact, you must provide us with a request in writing. You may write us a letter or fill out an **Alternative Contact Request Form**. Alternative Contact Request Forms are available from our Office Manager or receptionist.

7. Right to Notification if a Breach of Your Medical Information Occurs

You also have the right to be notified in the event of a breach of medical information about you. If a breach of your medical information occurs, and if that information is unsecured (not encrypted), we will notify you promptly with the following information:

- A brief description of what happened;
- A description of the health information that was involved;
- Recommended steps you can take to protect yourself from harm;
- What steps we are taking in response to the breach; and,
- Contact procedures so you can obtain further information.

CONCERNS AND COMPLAINTS

If you are concerned that **ABA Physical Therapy Associates** may have violated your privacy rights or if you disagree with any decisions we have made regarding access or disclosure of your personal health information, please contact our practice manager at the address listed below. You may also send a written complaint to the US Department of Health and Human Services. What is Physical Therapy?

Physical therapy is a patient care medical service that is provided in order to manage a wide variety of conditions. Services are provided to individuals of all ages regardless of gender, color, ethnicity, creed, national origin, or disability.

The purpose of physical therapy is to treat disease, injury and disability by examination, evaluation, diagnosis, prognosis and various interventions.

Physical therapy treatment may include any one or a combination of manual treatments, modalities (modalities that use the physical and chemical properties of light, heat and electricity) and therapeutic exercises with or without equipment as deemed appropriate by the physical therapist.

Potential Benefits:

The primary goals and benefits of physical therapy are to restore and maintain normal function and movement. Common benefits associated with physical therapy include, but are not limited to, improvement in joint range of motion, muscle strength and flexibility, cardiovascular endurance, physical performance, body mechanics, decreased pain levels, reduction of future injury risk and prevention of various diseases.

You should gain a greater knowledge about managing your condition and the resources available to you. Your therapist will share their opinion regarding potential results of physical therapy and discuss your treatment options.

Potential Risks:

As with any medical procedure, there are risks. Response to physical therapy treatment varies from person to person. It is not possible to accurately predict your response to a specific treatment, modality, procedure or treatment. *There is the possibility that physical therapy treatment may result in aggravation of existing symptoms and an increase in your current level of pain or discomfort. This discomfort is usually temporary and should not exceed 24-48 hours. If discomfort does persist, you should contact your physical therapist.*

ABA Physical Therapy Associates cannot promise or guarantee that the treatment will resolve or improve your condition.

You have the right to decline any part of your treatment at any time, should you have any concerns.

You have the right to ask your physical therapist what type of treatment he or she is planning based on your history, diagnosis, symptoms and testing results. You may also ask questions at any time and may discuss with your therapist what the potential risks and benefits of a specific treatment might be.

I acknowledge that I have read and understood this consent form and agree to proceed with physical therapy evaluation and treatment.
